## **Domestic Violence Awareness Project** offering

**Domestic Abuse & Domestic Violence  
Seminars, Workshops & Speaking Engagements**

### **Topics to be addressed include:**

- Violence in society: Recognizing the pervasiveness of violence against women
- Violence in the home: Recognizing the motivation of the perpetrator
- Violence in the community: Recognizing the lack of community acknowledgment
- Violence on the victim: Recognizing their needs
- Violence is not of Islam: Recognizing our responsibility

Fifty percent of all homeless women and children in America are fleeing domestic violence. As you travel life's journey, women who are abused, and those who abuse them will come across your path. Learn what you can do to help.

On the authority of Abu Saeed Al-Khurdari, who said: I heard the Messenger of Allah,  
*salla Allah u alihi wa sallam*, say:

**"Whosoever of you sees an evil action, let him change it with his hand; and if he is not able to do so, then with his tongue; and if he is not able to do so, then with his heart; and that is the weakest of faith."**

### **OBJECTIVES**

To improve community-oriented approaches to the identification, protection, and prevention of domestic violence against women. To raise awareness of community leaders by enhancing their sensitivity to victims and their ability to adopt coordinated community approaches to preventing domestic violence in women; To increase access to and dissemination of information on domestic violence; and To foster the coordination of local efforts to combat domestic violence and the provision of services for Muslim women and children in our community
